**RE-SUBMISSION OF THIRD-PARTY SUBMISSION OF PATENTS OR
PUBLICATIONS IN U.S. PATENT APPLICATION NO. 10/806,915 PUBLISHED ON
OCTOBER 7, 2004 AS U.S. PATENT PUBLICATION NO. 2004/0197867; NOTICE OF
ERROR BY USPTO AND PRIOR REFUSAL OF ENTRY**

Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Sir:

A review of the public file history of records of the above-identified application has revealed that the Third-Party Submission filed by the undersigned attorney on November 15, 2005 was not entered by the USPTO.

Specifically, the document in such file history contains the hand-written notation "NOT ENTERED/UNTIMELY" followed by a signature, the date 11/28/05 and the stamp of William R. Dixon, Jr., Special Program Examiner.

The refusal of the USPTO to enter the Third-Party Submission of Patents or Publications in this application was error and at odds with the provisions of 37 C.F.R. §1.99 ("THIRD-PARTY SUBMISSION IN PUBLISHED APPLICATION").

Specifically, 37 C.F.R. §1.99 provides that "submission under this section must be filed within two months from the date of publication of the application... or prior to the mailing of a Notice of Allowance... whichever is earlier. Any submission under this section not filed within this period is permitted only when the patents or publications could not have been submitted to the Office earlier and must also be accompanied by the processing fees set forth in §1.17(i)."

The undersigned attorney's Third-Party Submission on November 15, 2005 fully complied with the foregoing provision, in that such submission could not have been submitted to the Office earlier, for the reason expressly stated in such submission that "neither the undersigned attorney nor the third party represented by the undersigned attorney, had knowledge of the references cited herein [in the Third-Party Submission] until October, 2005, when the references were discovered during a thorough search of the prior art pertaining to the subject patent application."

Further, in addition to furnishing the specific basis for filing under 37 C.F.R. §1.99(e), the Third-Party Submission submitted by the undersigned attorney included payment as specified in 37 C.F.R. §1.99, and such submission included a listing of the patents and publications submitted for consideration by the Office, a copy of each listed patent or publication and Certificate of Service evidencing the serving of such document on the attorney of record of the applicant.

The Third-Party Submission was fully in proper form for entry under the provisions of 37 C.F.R. §1.99.

Accordingly, enclosed and re-submitted herewith is a true and exact copy of the prior Third-Party Submission, with the request that the USPTO enter such document and the references therein, in the record of the file history, and that the examiner involved with this application consider such references as bearing on the patentability of the claims pending in the application.

Authorization also is hereby given to charge the amount of any additional fee or charge properly payable in connection with this Re-Submission, to Deposit Account No. 08-3284 of Intellectual Property/Technology Law.

For the sake of good order, this Re-Submission has also been served on counsel for the applicant, and a corresponding Certificate of Service is enclosed, in evidence thereof.

Respectfully submitted,

Steven J. Hultquist
